

Construction Advisory

Falls Road Sidewalk Improvements

Project Description: The City of Rockville's contractor, *Olney Masonry*, will install a sidewalk link along the west side of Falls Road (MD 189) between Wootton Parkway and West Kersey Lane, beginning the week of Aug. 29, weather permitting. Project impacts will include construction noise, temporary lane closures and traffic diversions. Signs will be posted ahead of time to notify motorists and residents of lane closures.

Purpose: To improve safety and walkability by installing a sidewalk link.

Location: The west side of Falls Road (MD 189) from Wootton Parkway to West Kersey Lane.

Timeline: The work is expected to be completed within 21 days from the start of construction on Aug. 29, weather permitting.

Cost: \$150,000 (estimated).
